# How to Reserve a Seat

Review the session catalog, find a session you are interested in, and hover over "Scheduling Options. If there is a blue plus sign, click it to reserve a seat.

The screenshot displays the AWS event catalog interface. On the left, there is a navigation sidebar with sections for 'Participation' (Dashboard, Schedule, Interests), 'Event Catalog', 'SESSION TYPE' (Builders Session, Chalk Talk, Load Test, Session, Test, Workshop), 'DAYS' (Friday 1, Saturday 1, Sunday, Monday, Tuesday, Wednesday, Thursday, Friday), and 'TOPIC' (AI/ML, AI/ML, AI/ML). The main content area features a search bar with 'AIM' entered and a 'SEARCH' button. Below the search bar, there are tabs for 'ALL', 'PEOPLE (0)', 'SESSIONS (73)', 'SPEAKERS (0)', 'EXHIBITORS (0)', and 'FILES (0)'. A 'Sort by: ID' dropdown is visible. The 'Current Filters:' section is empty. The main list shows several sessions:

- AIM201 - Machine Learning for the Enterprise**: Leading companies are using machine learning (ML) to power innovation across industries, including healthcare, automotive, and finance. In this session, learn how to build... [View More](#). Includes 'Scheduling Options' and 'I'm interested in this' buttons.
- AIM202 - Leadership Session: Machine Learning**: Amazon has a long history in AI, from personalization and recommendation engines to robotics in fulfillment centers. Amazon Go, Amazon Alexa, and Amazon Prime Air are also... [View More](#). Includes 'Scheduling Options' and 'I'm interested in this' buttons. A blue plus sign is next to the 'Monday, Nov 26, 8:00 AM - 9:00 AM' time slot, and a tooltip 'Reserve seat' is shown over it. The location is '- Venetian, Level 4, Delifino 4002'.
- AIM301 - Deep Learning for Developers: An Introduction**: Deep learning has the potential to enable extremely advanced AI applications. But it's not taught in most computer science programs, and you may have a lot of questions. In... [View More](#). Includes 'Scheduling Options' and 'I'm interested in this' buttons.
- AIM302 - Machine Learning at the Edge**: Video-based tools have enabled advancements in computer vision, such as in-vehicle use cases for AI. However, it is not always possible to send this data to the cloud to be... [View More](#). Includes 'Scheduling Options' and 'I'm interested in this' buttons.
